

# QUALITY CARRIERS

## Custom Designs - Built to Last

MADE IN THE USA - SINCE 1989

### Glass Carriers for Vans

Single-sided carrier mounted on the exterior of either side of van or sprinter

2-inch wide padding runs full length of horizontal slats

Full-length mounting channel provides a strong rack-to-vehicle connection

Three T6-Adjust-A-Poles with five fully-adjustable black neoprene cleats

Splash panel protects glass from water and highway debris

Rubber padding from top to bottom of vertical posts

Dual pole settings for securing glass of varying thickness

Padded bolt-on front stop

Strong 1/8-inch 6061 T6 aluminum posts and slats

Aircraft-grade Huck® fasteners provide strong connections that won't crack like welds or loosen like screws or bolts

Heavy-duty, load bearing under-body mounts provide robust support

Usable 5-inch ledge with rubber blocks

#### Optional Removable Wheel Skirt

Wheel skirt can be easily removed for quick tire changes and hassle-free maintenance access to rear wheels

#### Standard: T6-Adjust-A-Pole

Rubber Triangle Cleats

Cleats adjust forward/backward and to any position up or down the pole

#### Premium: T6-Super-Pole

Supertruck System 2 Scissor-Style Cleats

Cleats adjust forward/backward and to any position up or down the pole

Both model poles feature strong aluminum shafts and bolt-on steel top and bottom sections for easy service in the field
