

QUALITY CARRIERS
Custom Designs - Built to Last
 MADE IN THE USA - SINCE 1989

Glass Carriers for Pick-Up Trucks

Double-sided carrier mounted on the exterior of pick-up

Rubber padding from top to bottom of vertical posts gives superior protection to glass

Optional over-the-cab carrier for transporting ladders, moldings and stock lengths of extrusion

Strong 1/8-inch 6061 T6 aluminum posts and slats

2-inch wide padding runs full length of horizontal slats

Padded bolt-on front stop

Bed wall carrier mounting system provides a strong rack-to-vehicle connection and preserves storage space in truck bed

Aircraft-grade Huck® fasteners provide strong connections that won't crack like welds or loosen like screws or bolts

Six T6-Adjust-A-Poles with five vertically and horizontally adjustable black neoprene cleats

Dual pole settings for securing glass of varying thickness

Usable 5-inch ledge with rubber blocks

Heavy-duty, load bearing under-body mounts provide robust support

Standard: T6-Adjust-A-Pole

Premium: T6-Super-Pole

Optional removable wheel skirt provides quick, hassle-free access for tire changes and maintenance of rear wheels

Both model poles feature strong aluminum shafts and bolt-on steel top and bottom sections for easy service in the field
